

- New Slim Design with DOB DMX
- X-PE LED as light source
- 10° - 60° Beam Angle Available
- Perfect solution for colour washing of building façade
- Long Lifespan of over 50K hours - L70 Tested
- Superb Light performance with full colour spectrum
- High grade fixed focal lenses with reflection cups
- 3D Heat-sink for better temperature control
- IP65 Water resistance for outdoor use
- Build In DMX Decoders with pre-defined address
- RGB 24V

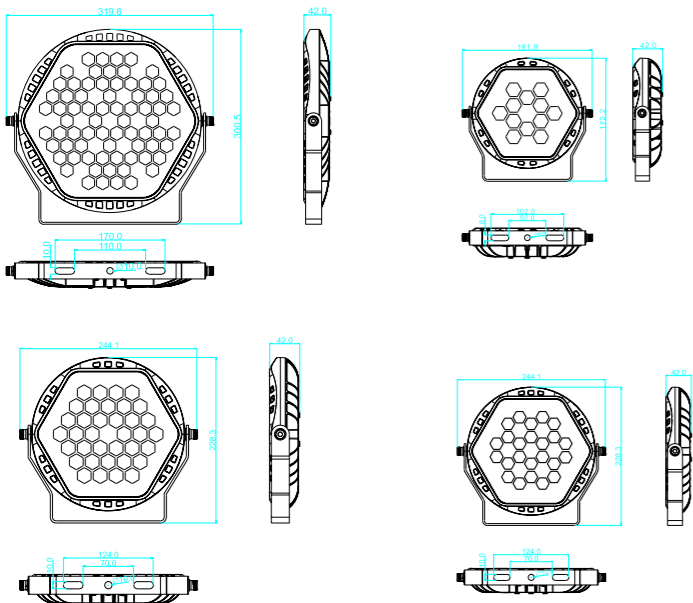

RGB SPOT LIGHTS - PYXI Series

DMX RGB High Power Spot Lights for Architectural Lighting

LUMENO PYX1 Series RGB Wall Washers are a focused light, spot luminaries, designed for external façade of buildings or monuments. PYX1 series are build with high grade aluminium alloy body with weather resistant power coating for long life in harsh conditions. With XPE High power leds as lights source and quality lens & reflector cups, PYX1 series provide state of the art external illumination. All models come with a build in DMX decoders to reduce number of external exposed controllers as well as labour and maintenance. Easy installation, and configuration using simplified DMX controllers available from Lumeno range. Now available in upgraded slim version V2.

Ordering Codes :

| Model number | Power | LED's | Power Supply | Control Method | Wiring | IP Rating |
|--------------|-------|------------|--------------|------------------|-----------------------------------|-----------|
| LM-PY121 SL | 12W | 12x 1W XPE | 24V DC | DMX 512 Built-in | 5 wire system (D+/D-/G-/V+/V-) | IP65 |
| LM-PY241 SL | 24W | 24x 1W XPE | | | | |
| LM-PY361 SL | 36W | 36x 1W XPE | | | | |
| LM-PY721 SL | 72W | 72x 1W XPE | | | | |

| | |
|----------------------------|------------------------------------------|
| Voltage | 24V DC |
| Light Source | 1W X-PE LED |
| Projection Distance | 20-30m |
| Control System | Built-in DMX 512 |
| Wiring/Connections | 5 Wire System |
| Beam angle | 30° |
| IP Rating | IP65 |
| Working Temperature | -25°C ~ +60°C |
| Front Cover | Shatter-proof glass |
| Body finish | Powder coated black, corrosion resistant |
| Body Material | Aluminium die-cast |
| Warranty | 3 Years |

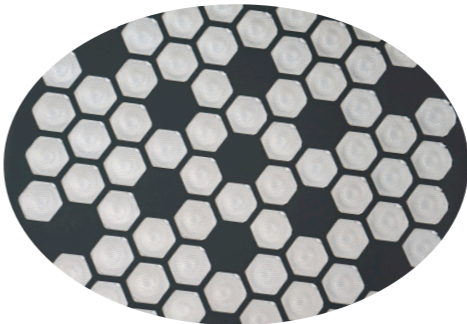

PYXI

WALL WASHER SERIES BY: LUMENO

Modern and stylish luminaire

High quality finish with a moder twist

Individual reflexion cups & lenses

Uniform light beam and smooth colour mixing

Loop through connection

Lights are connected in series using IP65 plugs supplied

Controllers & Accessories

| | |
|------------------|------------------------------------------------|
| LM-CTXC-DMX-DR | Din Rail Mounted DMX Master - PRO |
